WORK EXPERIENCE

| | |
|-----------|---|
| 2015-2016 | Boulder Medical Center Worked as a cardiovascular technician/medical assistant in a Cardiology outpatient clinic at Boulder Medical Center. As a cardiovascular technician I was trained on all certified medical assistant tasks and skills along with specialized training on cardiac outpatient testing including cardiac stress tests. |
| 2013-2015 | University of Colorado Residence Life Worked as a resident advisor during my third and fourth year at the University of Colorado. As a resident advisor I built community for over one hundred first-year residents through hall programming, social initiation, and monthly one-on-one meetings. I served as an emergency on-call paraprofessional as well as an active member of the Hall Council and Residence Hall Association. |
| 2011-2018 | Serve Colorado Process Service Worked as a process server for legal documents during my summer and winter breaks throughout college. After college, I started my own business, distributing and serving legal documents across the Denver metro area and Colorado Springs. |

VOLUNTEER / CLINICAL EXPERIENCE

Service-Learning Community Engagement Program:

Volunteered with the Wayne State University School of Medicine Service-Learning Community Engagement Program during my first and second year of medical school. This program gave me the opportunity to work with many volunteer organizations, all centered around building the community of Detroit including the following:

2018-2019 **Cass Clinic**
 Volunteered to take histories, perform physical exams, and develop a treatment plan for patients at a student run free clinic for lower income patients in Detroit.

RunDetroit
 Volunteered at a local elementary school to lead the physical education activities after class. Served as a team leader and referee for all team-based sports such as basketball and dodgeball.

Auntie Na's
 Volunteered at a medical student run clinic to provide a local Detroit neighborhood with free glucose and blood pressure monitoring.

Detroit Medical Center Health Fair
 Volunteered at the Detroit Medical center health fair, taking blood pressures and blood glucose levels for the local community.

The Horizons Project HIV Clinic
 Volunteered at the HIV clinic at the Detroit Medical Center to give care for patients of Detroit with HIV.

AMA Friendship Baptist Tutoring
 Volunteered to tutor elementary students with weekly homework including math, reading, and writing assignments.

Code Blue Tutoring
 Volunteered to provide health care education to students in various Detroit elementary schools through games, stories, and physical education activities.

Brilliant Detroit- Motor City Makeover
 Volunteered to help clean the streets of a local neighborhood in Detroit and prepare a local home to be a tutoring center for elementary school students.

HOPE Blanket Making
 Volunteered to make blankets for hematology/oncology pediatric patients in local Detroit hospitals.

The Children's Center- Soaring Eagle Arts, Beats & Eats
 Volunteered to help with ticket and sales to help raise money for the Children's Center at the annual Soaring Eagle Arts, Beats & Eats local music festival for the Royal Oak community.

Extended Care Facility Fall Assessment
 Provided a falls risk assessment for an extended care facility to help reduce the risk of falls for elderly patients at the facility.

Habitat for Humanity
 Volunteered to help clean the construction site and move supplies for a local Detroit home to be rebuilt.

Additional Volunteer Experience:

2016-2018 **Judi's House**
 Judi's House is a place for children to learn to grieve and connect with others in the Denver community after the sudden loss of an immediate family member. Volunteered once a week for 2 years as a grief counselor for children and teenagers. Groups were broken up by age group and I rotated on each of the teams over the course of 2 years with age groups from 5 to 18.

2012-2018 **Camp Wapiyapi**
 Camp Wapiyapi is a summer camp for children with cancer, providing the kids with a normal camp experience and healing outside the hospital. Volunteered at Camp Wapiyapi for seven summers, starting as a camper companion and ultimately team leader. As team leader, I led the teams of 12 pre-medical and medical students with their assigned companion through the various activities, tasks, and adventures throughout the week.

2012-2015 **Penrose-St. Francis Hospital**
Volunteered as a patient care ambassador, assisting nurses, medical assistants, and transport teams to provide care to patients throughout the day. Gained a deeper understanding of the hospital system and the integral role nurses, medical assistants and other medical personnel have on caring for the patient.

Additional Clinical Experience:

2019 **Clinical Experiential Clerkship Course**
Worked closely with an outpatient primary care physician throughout my second year of medical school in the Veterans Affairs hospital. I worked with this primary care physician for 4 hours each week, developing clinical skills and providing care to the veterans of Detroit.

MILITARY EXPERIENCE/TRAINING

2021 AMEDD Basic Officer Leadership Course- Fort Sam Houston TX
2021 AMEDD Direct Commission Course- Fort Sill OK
2011-2012 Air Force ROTC- University of Colorado, DET 105, Boulder CO
2008-2011 Air Force JROTC- Air Academy High School, Air Force Academy, Colorado Springs CO
